ALTRON
Sense the Difference

New style 2 / 4 / 8 / Multi Zone Microprocessor Based Fire Alarm Control Panel with LED / LCD Display. It is ideal for Bank, Hotel, Office, Factory, Jewellery shop and Etc.

LED - FEATURES

* Confirms IS 2189 norms.
* Modular Construction.
* Rugged CRCA sheet with powder coated finish.
* Operates on 230 Volt AC, 24 Volt DC.
* Lamp test facility.
* Standby Battery backup with build-in charging.
* Fire / Fault status in unambiguous coloured LED.
* System On, Main, Standby ON status indication.
* Low Battery visual warning with audible buzzer tone.
* Earth fault indication with audible buzzer tone.
* Relay Outputs for actuators.
* One man walk test facility.
* Zone Isolation facility with loop voltage cut off.
* RS 232 Communication for PC Software (Optional)
* RS485 for repeater/slave communication (Use Shielded or twisted wire CAT5E or CAT6).
* Compatible to all types of conventional detectors.

LCD - FEATURES

* 20 x 4 LCD Dot Matrix display.
* Fully confirms IS 2189: 1988
* Rugged CRCA with powder coated finish.
* Operates on 230 Volt AC, 24 Volt DC
* Battery backup with built in charging.
* Low battery / warning audio/ visual display.
* Battery fail warning audio
* Charger on indication.
* Error free fire / fault status in unambiguous coloured LED indication .
* A.C fail audio / visual warning.
* Relay output for actuators.
* 2 to 255 Zones Max. (4, 8, 12, 24 Zone Slave Panels).
* RS485 for repeater/slave communication (Use shielded or twisted wire CAT5E or CAT6).
* Slave Panel Isolation facility with Password Productivity.
* Real time clock facility.
* RS 232 Communication for PC Software (Optional)
* Events of fire and fault can be seen.
