

AXI-TMC-20P

- * Automatic temperature measurement, the demo video is played continuously for 24 hours
- * Accurate temperature measurement
- * Support voice linkage, real-time alarm of people with fever
- * Real time snapshot of human face during temperature measurement
- * Support No Mask Reminder
- * Support real time Statistics of total number of temperature measurement, normal and abnormal number of people
- * Support to export temperature measurement date report
- * Support to App to receive Abnormal Temperature Alarm

Model	AXI-TMC-20P
Imaging Sensor	2 Mega Pixel
Horizontal Resolution	1960 X 1080
Angle of View	86.5 °C
WDR	120dB
Lens	4mm
Measurement Range	30 °C ~ 45 °C
Measurement Distance	1 CM ~ 3CM
Measurement Deviation	0.3 °C
Measurement Accuracy	0.1 °C
Audio	1 Output
Alarm	Support real time alarm of abnormal body temperature
Snapshot	Support Real time snapshot of human face during temperature measurement
Temperature Display	Support real-time Temperature Display
People Counting	Support real-time statistics of the number and abnormal body Temperature
Mask Detection	Support No Mask Reminder
App Linkage	Support App to receive abnormal temperature alarm
Export Data	Support Temperature measurement data report export
Power Consumption	180Watts
Working Temperature	-15 °C~50 °C
Working Humidity	<= 95% RH
Weight	480 Gram (Approximately)
Certification	CE FCC RoHS STQC

Temperature Screening Solutions with Face Capturing

❑ Integrated Wrist Temperature Measurement Solution

- * High accuracy of measuring temperature
- * Easy to deploy
- * Instant notification for abnormal temperature measurement
- * Different reports retrieval
- * Cost Effective
- * Smart Search
- * Recording
